The pages of this magazine will introduce you to the Art Space Contemporary Art Gallery, the artists whose work fills its bright white walls, and shed light on the power of creativity, as we uncover the hidden gems that exist in the art world today.

With a variety of articles, artist biographies, visual content and exclusive interviews with some of our favourite artists such as Christian Hook and Anna Briukhovetska, we bring to light the Art Space portfolio, interesting reads about past and current concerns within the artworld, an introduction to some of our favourite art movements in history, and an insight to the faces behind the scenes.

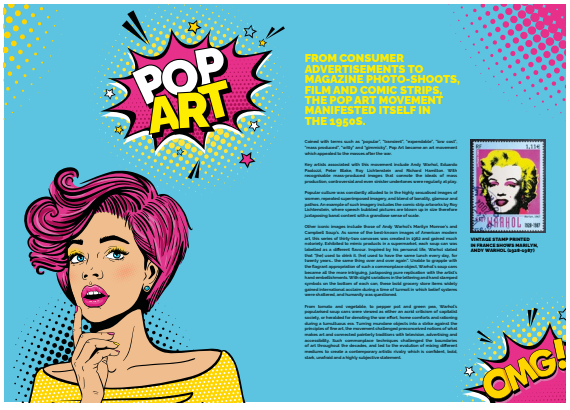

In preparation for all future cultural events, the Art & Culture magazine will be widely distributed both online and in print, as we welcome you to advertise your business in the pages of our exclusive product, and in doing so, become a part of our journey to promote and foment the cultural sector in Gibraltar.

As a high-end product created with passion and love, we strive for the magazine to be an interesting read, informative, approachable, academic and ultimately bring the works of our renowned contemporary artists to the global art stage.

With a variety of highly skilled feature writers and designers, the Art & Culture Magazine is full of promise, brimming with exciting reads as we carefully curate each and every page to stimulate, educate, and awaken, in-keeping with our vision and overall ethos.

With a plethora of visual and literary surprises on the horizon, we eagerly anticipate sharing our content with you and filling the hearts of many through beauty and creativity.
